

TG-ALV-PSTTC

Clear Tandem Full Height Turnstile

The TG-ALV-PSTTC is our most stylish tandem full height turnstile. Clear arms and side panels improve visual site lines and provide a less industrial look than a traditional all-metal turnstile. No other full height product comes close to the quality, looks and performance of the TG-ALV-PSTTC.

Product Features

- Single or bi-directional access control
- Either rotation direction can be fail-safe or fail-secure
- Safe, controlled rotation that adjusts to pushing force of user
- UL and CSA listed, CE marked

Product Benefits

- Integrates with any access control system
- Provides single user passage control
- Helps reduce staffing requirements
- Highly reliable; provides long term continuous use
- Space saving design requires approximately 30" less side to side installation space than two individual turnstiles

FULL HEIGHT TURNSTILES

Available Models

TG-ALV-PSTTC-6X Electric

Common Applications

- Time and attendance integration
- Loss prevention
- Employee and visitor access control
- Unmanned point of entry
