

TG-ALV-STG

Online River's line of stylish and affordable entry turnstiles control pedestrian traffic flow and aid in reducing theft in retail applications

TG-ALV-STG turnstiles are four arm turnstiles which can be configured to operate in both clockwise and counter-clockwise directions.

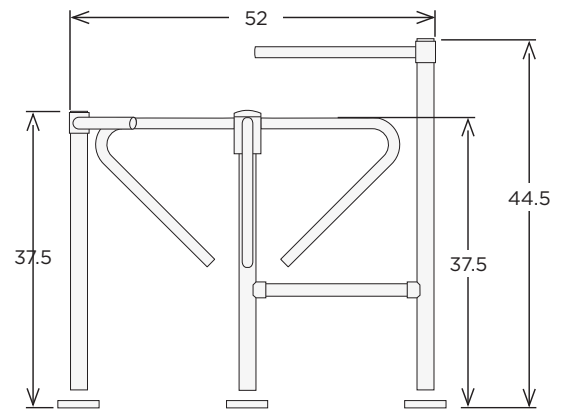

All of our turnstiles can be used in conjunction with Online River's modular post and rail or pedestrian gates.

TYPICAL INSTALLATION SITES

- Retail and specialty stores
- Grocery and warehouse stores
- Home improvement centers

AVAILABLE MODELS

TG-ALV-ST01G-001 (Four Arm)

Dimensions shown in inches.

COMPLIMENTARY PRODUCTS

Our modular post and rail are ideal companions to our turnstiles.

RESOURCES

Online River's knowledgeable staff understands that many customers do not deal with queuing and public entry products on a regular basis. We offer expert assistance and technical expertise to ensure the best solution is selected for your facility.

Additional information, including detailed specifications, installation manuals, CAD drawings, and application images can be found online.
